## **COMPANY PROFILE: Swedish Bitters Herb Company**

**Date of Release: July, 2019**

### **NATURE OF BUSINESS:**

Swedish Bitters Herb Company is a wholly-owned subsidiary of Food Reserves, Inc., a Delaware Corp., with Plant and Offices based in Missouri. It was founded in 1975 to facilitate formulation and production of uncommon nutritional food products.

With integrated research and product development facilities, Swedish Bitters Herb Company has been able to develop several unique proprietary products. This has become its forte and trademark – unique “uncommon nutritional,” not available from any other source.

Swedish Bitters Herb Company produces and markets uncommon herbal products with its main product being Swedish Bitters, made famous by the renowned Austrian herbalist, Maria Treben in her 10 million copy bestseller, “Health through God’s Pharmacy.” Swedish Bitters Herb Company offers Maria Treben’s entire selection of healing herbal remedies and favorite herbs, featured in her book. No other company in the US specializes as such.

### **FACILITIES:**

The company, its production and distribution facilities as well as its offices are located in Concordia, Missouri, a small town 60 miles east of Kansas City. The building is located on 1 acre of land and is approximately 10,000 square feet of self-contained operating space. The facilities include processing, product research, packaging, shipping and office areas.

We have the best of all worlds – easy access to the facilities and services of a major metropolitan market and all of the advantages of a rural setting.

### **STAFF AND PERSONNEL:**

The Concordia Plant and location are well-staffed with competent and courteous individuals, exemplifying the values and work ethic of Middle America – “Your Word is your Bond”. Our staff is capable of taking your order from the start to shipping the finished product. We take pride in doing the job right. This is where we spend 8 – 16 hours a day.

### **FDA AND USDA STATUS:**

Swedish Bitters Herb Company is under the auspices and regulation of the U.S. Food and Drug Administration and is regularly inspected. The facilities are kept in immaculate sanitary conditions. Current FDA rules and regulations are followed scrupulously. It is so clean and well maintained; you can literally “eat of the floor”. Since its inception in 1975, Food Reserves, inc. and Swedish Bitters Herb Company have established an excellent rapport with this key agency.

Our Plant has also been approved as a USDA Facility (US Dept. of Agriculture).

We are at your service,

Craig Sallin, CEO
